

Spring Membership Drive —Support the Museum Today!

Friends of the
New London
Public Museum

Friends of the New London Public Museum (FNLPM) is a 501(c)(3) non-profit organization whose mission is to develop financial resources and advocate for the New London Public Museum. Support from FNLPM members and donors helps the Museum grow in its abilities to provide engaging programming and ever-changing exhibits, as well as safely preserve its collections for the enjoyment and learning by future generations.

FNLPM Member benefits include:

- Advance notice of Museum exhibits and programs
- Members only previews of selected exhibits
- FNLPM's *Discover* newsletter
- Reciprocal admission to the Time Travelers network of museums and historical sites in the U.S.
- Invitation to FNLPM's Annual Membership Meeting

Most importantly, your membership gift demonstrates that you believe what the New London Public Museum preserves and does is important—and that you support these efforts.

Membership Level	Annual Gift
<input type="checkbox"/> Individual	\$25
<input type="checkbox"/> Family	\$40

Grow Your Own Little Piece of History This Summer: An Heirloom Tomato Plant!

As a token of our appreciation, FNLPM members have the opportunity to receive a free heirloom tomato plant. Plants will be available for pick up at the Museum on Saturday, May 18 (8 am to noon) or Tuesday, May 21 (1-3 pm).

**Supplies may be limited. Please
mark your 1st and 2nd choice below.**

___ **Amish Paste**—This plum variety originated in the late 1800s among the Amish community and is known for its rich flavor and versatility.

___ **Eva Purple Ball**—A sweet, tender, and juicy variety 2-3" in diameter with a deep pink color. Believed to have originated in Germany's Black Forest in the late 1800s.

___ **Golden Jubilee**—Introduced in 1943, high-yielding plants produce bright, golden-orange fruit. A fantastic tomato for salads, slicing, processing and fresh eating!

___ **Granny Cantrell**—This meaty, beefsteak-type tomato is named after Lettie Cantrell, who received seeds from a soldier returning from Germany during World War II. Productive plants with large pinkish-red fruits.

___ **Japanese Black Trifele**—A rare Russian heirloom variety. 4-6 oz. pear-shaped fruits are mahogany in color with a smoky, rich taste. High-producing potato-leaf plants.

___ **Speckled Roman**—A contemporary heirloom with beautiful yellow streaking on long, red fruits. Meaty flesh with few seeds. Great tomato taste, ideal for processing and fresh eating.

___ **Tommy Toe**—Vigorous plants yield hundreds of red cherry tomatoes throughout the season. Superb flavor.

___ **Wisconsin 55**—A superb tomato developed by the University of Wisconsin in 1946. Excellent all-purpose tomato, great for canning.

I AM AN CURRENT FNLPM MEMBER WHO HASN'T YET RETURNED MY HEIRLOOM TOMATO ORDER FORM.
